

## **Apps Overview for iOS, VoiceOver with Braille display**

Here is a List of Apps that can be used nicely with VoiceOver in combination with a Braille display:

- Audible: Purchase and listen to audio books.
- iBooks: Read ebooks on your iOS device
- Dragon Search: Perform internet searches with speech recognition.
- Skype: Call and text-chat for free.
- LaDiDa: Sing into the microphone and sound like a pop star.
- Aurifi: A musical audio game.
- Papa Sangre: An audio adventure in 3d.
- Dropbox: Share files across devices. Online backup solution.
- Trunk Notes: Edit and organize notes; supports folders and Dropbox.
- oMoby: Use artificial intelligence to identify objects.
- Pzizz Energizer: Relax with music, binaural beats, and spoken structured suggestions.
